

**SILVER SPRING TOWNSHIP  
BUILDING, ZONING & CODES DEPARTMENT  
BUILDING/ZONING PERMIT PROCEDURE OUTLINE**

**Office Location: 8 Flowers Drive, Mechanicsburg, PA 17050  
Hours: 8:00 a.m. to 4:00 p.m. ~ Phone: 717-591-9067**

1. BUILDING AND ZONING PERMIT APPLICATIONS MAY BE PICKED UP AT THE TOWNSHIP OFFICE OR ARE AVAILABLE ON-LINE AT [www.silverspringtwp-pa.gov](http://www.silverspringtwp-pa.gov) . TO RECEIVE THE PROPER APPLICATION PACKET YOU SHOULD HAVE GENERAL KNOWLEDGE ABOUT THE PROJECT, i.e. New Home, Addition, Pool, Deck, etc.
2. A \$25.00 APPLICATION FEE IS REQUIRED EFFECTIVE FEBRUARY 1, 2012 AND MUST ACCOMPANY ALL PERMIT APPLICATIONS. THE FEE WILL BE APPLIED TOWARD PERMIT COST.
3. SUBMIT COMPLETED APPLICATION(S) ALONG WITH (2) SETS OF CONSTRUCTION PLANS, DOCUMENTS AND OTHER APPLICABLE INFORMATION ON CHECKLIST. (**Refer to Permit Guide**)
4. PLANS WILL BE REVIEWED FOR CODE COMPLIANCE ON A FIRST COME FIRST SERVE BASIS.

PLAN REVIEW TIME: (begins from the date after received by Township)

RESIDENTIAL: up to 15 business days, (5 days when plans are signed & sealed by Design Professional)

NON-RESIDENTIAL: up to 30 business days.

5. FOLLOWING PLAN APPROVAL THE PERMIT WILL BE ISSUED. YOU WILL BE CONTACTED WHEN IT IS APPROVED OR ADDITIONAL INFORMATION IS NEEDED.
6. INSPECTION SCHEDULE: (Typical project)
  - A. FOOTINGS: (Prior to pouring concrete)
  - B. FOUNDATION: (Prior to backfilling)
  - C. UNDER SLAB PLUMBING
  - D. FRAMING: (Prior to covering)
  - E. ROUGH-IN: PLUMBING, MECHANICAL, HVAC, & ELECTRICAL  
(Inspected during framing inspection and prior to insulation or covering)
  - F. ENERGY (Insulation, Sealant, Windows, Doors, Ducts, Housewrap)
  - G. WALLBOARD: (Prior to finishing)
  - H. FIRE SPRINKLER SYSTEM (Where Required)
  - I. SANITARY SEWER CONNECTION/SEPTIC SYSTEM CONSTRUCTION
  - J. ELECTRICAL FINAL INSPECTION
  - K. ACCESSIBILITY
  - L. FINAL BUILDING INSPECTION: (Prior to Use or Occupancy)
7. BUILDING CODE OFFICIAL ISSUES CERTIFICATE OF OCCUPANCY (When applicable)
  - A. \$30.00 fee is due for Certificate of Occupancy at Final Inspection

INSPECTION SCHEDULING NOTIFICATION:

1. Schedule all inspections by calling the Building and Codes Department at 717-591-9067.
2. A minimum **24 HOUR** notification must be given in advance of inspections.
3. Work cannot progress to the next level of construction until approval is given. See attached instructions

CODE BOOKS

Code books are available for purchase at the following locations: International Code Council (ICC) [www.iccsafe.org](http://www.iccsafe.org) go to ICC Store and at Pa State Association of Township Supervisors [www.psats.org](http://www.psats.org) click on Pa Construction Code Academy then Code Book order. To access the PAUCC website, go to [www.dli.state.pa.us](http://www.dli.state.pa.us) click on uniform construction code.

# SILVER SPRING TOWNSHIP BUILDING, ZONING & CODES DEPARTMENT

## BUILDING PERMIT APPLICATION GUIDE NEW RESIDENTIAL MANUFACTURED - MODULAR HOME

### PERMITS REQUIRED

An owner or authorized agent (applicant) who intends to construct, enlarge, alter, repair, move, demolish, or change the occupancy of a building, structure and facility or to erect, install, enlarge, alter, repair, remove, convert or replace any electrical, gas, mechanical, or plumbing system regulated by the PA Uniform Construction Code, (UCC) ACT 45 shall first make application to the Building Code Official (BCO), and obtain a permit prior to start of work.

### Building Permit Exemptions

1. Accessory Buildings; storage sheds, utility and miscellaneous structures one story in height and less than 1,000 square feet in floor area.
2. Agricultural buildings that qualify under the UCC.

***Note: These structures are not exempt from a Zoning Permit***

### APPLICATION

A Building Permit Application must be completed with all applicable line items answered and signed by the applicant and submitted to the Building Code Official. The application **must** be accompanied by the following unless waived by the BCO:

- A. \$25.00 Application Fee
- B. Permit Application Checklist Form completed and signed by applicant.
- C. Site Plan, (see information on next page).
- D. Construction Drawings and Documents
- E. Zoning Permit Application completed and signed by applicant, when applicable.
- F. Copy of Sewer Connection or On-lot Septic Permit, when applicable.
- G. Driveway Permit, (Penn Dot H.O.P. or Township Road Cut Permit).
- H. Worker's Compensation Insurance Certificate or Exemption form completed.
- I. Stormwater Management Plan approval and/or Erosion and Sediment Control, NPDES Permit (when required).
- J. Any other permits, approvals or documents deemed necessary by the Township.

### ACTION ON APPLICATION

The PA Uniform Construction Code (UCC), Act 45 requires that the Building Code Official (BCO) grant or deny a Residential permit within 15 business days or 5 business days when construction documents are signed and sealed by a design professional. The required time deadline may be extended by a specific number of days when agreed on by both the BCO and the applicant.

***PLEASE NOTE: APPLICATIONS THAT ARE NOT COMPLETE CANNOT BE PROCESSED AND WILL BE RETURNED TO THE APPLICANT MARKED INCOMPLETE.***

## **CONSTRUCTION CODES**

All residential structures shall be designed and constructed in accordance with the PA Uniform Construction Code (UCC), Act 45 which the Department adopts and incorporates by reference the following codes:

2009 International Residential Code  
2008 National Electrical Code  
NFPA 13D 2007 Edition Sprinkler System Standards

## **BUILDING CONSTRUCTION DRAWINGS**

The permit application must be accompanied by two (2) sets of construction drawings, documents, specifications, information concerning special issues, structural design details and other data as required by the UCC. **Homeowners may prepare their own construction plans and documents for a single-family dwelling.**

### **Attention: Five Day Submission**

**5-day plan review application drawings must bear the seal and signature of a licensed or registered design professional and drawings must include a certification statement that reads as follows:**

**The Building Design and Plans Meet the Applicable Code Standards of the UCC as amended.**

All construction plans must be drawn to a scale of not less than 3/16" to equal one foot.

The BCO may waive submission of certain construction items or documents if the nature of the project does not require plan review to determine compliance with the UCC.

***A set of approved drawings and documents must be available at the job site for review and reference during each inspection.***

## **PLAN REVIEW (REQUIRED ITEMS)**

- A. Site Plan** - Two (2) copies of a property site plan or land survey plan showing the following:
1. Identify All property lines.
  2. Size & Location of new construction and existing structures.
  3. Building setback and dimensions (distance from all property lines and structure).
  4. Location of well, septic system or public sewer Lateral, water supply piping and on-site storm water system
  5. Location of foundation drainage facilities discharge point.
  6. Location of driveway with dimension to property lines.
  7. All underground utilities.
  8. Location of all right-of-ways, waterways, easements and flood plain.
- B. Building Construction Plans and Documents**  
**The Uniform Construction Code (UCC) does not apply to manufactured housing which bears a label, as required by and referred to in the act of Nov. 17, 1982 (P.L. 676, No. 192), known as the Manufactured Housing Construction and Safety Standards Authorization Act, which certifies that it conforms to Federal construction and safety standards adopted under the Housing and Community Development Act of 1974 and installation of new manufacturer's approved design applicable to the particular home, nor shall it apply to industrialized housing, as defined in the act of May 11, 1972, Amended by Act 108 of 2006.**  
**Construction activities or processes including foundation, added spaces, HVAC system, plumbing, electrical, energy and insulation standards, utility connections and lot grading not addressed by the manufacturer's approved design must comply with the Uniform Construction Code as referenced in Section 403.25 of the UCC Act 45.**

The following information shall be submitted with manufacturer construction drawings, documents and specifications;

**1. Building Elevation Views**

Front, rear and each side elevation views of the building showing height of building from finish grade to roof line. Elevation details shall include any porch, deck, carports etc. with dimensions and notes added.

**2. Floor Plan (Each Level)**

- a. Identify Use of each space, i.e.; kitchen, bedroom, bathroom, etc.
- b. Give dimensions of all spaces including hallways.
- c. Smoke Detectors/Carbon Monoxide Alarms – Refer to Section R314 and NFPA 72 for required located at sleeping rooms, outside each separate sleeping area, each floor (including Basement) and method of interconnection.
- d. Attic Access (22'x30" minimum opening required)
- e. Garage separation walls, ceiling and doors between Garage and Residence.

**THE FOLLOWING INFORMATION IS NEEDED WHEN THERE IS A BASEMENT OR ADDED SPACE CONSTRUCTED.**

**3. Foundation Plan**

- a. Footings – width, thickness, and depth below grade, (re-bar size and location if required)
- b. Isolated Piers – size, thickness reinforcing (if required.)
- c. Foundation Walls – size, height, depth of backfill, method of damp or water proofing, type of mortar, size of reinforcement if used. (Refer to Soil Classification Table R405.1)
- d. Foundation Drains, type and location of discharge.
- e. Basement/Garage Slabs – thickness of concrete, depth of stone, (vapor barrier where required).
- f. Sill Plate/Anchor Bolts – size, spacing and location.
- g. Crawl Spaces – height of framing member above grade, vapor barrier, ventilation size and location, and access hole (18"x24" minimum required).

**4. Framing Plan**

- a. Stairways – Width, 9" min. tread, 8 ¼" max. riser, head clearance and hand rail height.
- b. Guardrails – height and spacing.

**5. Energy Conservation** Regulation of Energy efficiency for building thermal envelop insulation Minimum "R" Value for floors, walls, ceiling, foundation walls, crawl space walls and concrete slab perimeters. Windows and doors shall comply with the required "U" Factors.

**6. Automatic Fire Sprinkler System** (1 and 2 Family Homes when installed)

- a. Fire Sprinkler System design shall be in accordance with 2009 IRC, Sec. R313 and P 2904, or NFPA 13D.
- b. Design must include Plan Layout, Hydraulic Calculation Sheets, Equipment Specs, and cut sheets.

**7. Plumbing Plan**

- a. Plan view of Water Supply System with size of main, branches and fixing piping.
- b. Plan layout of Drain, Waste & Vent System including size of main building drain, branches and vents.

## **8. Mechanical Plan**

- a. Location of Heating and Air Condition unit and equipment including specs, cut sheets, details and R Value of Duck Insulation per Energy Code.
- b. Plan layout of each supply and return systems with type and size of all ducts.
- c. Ventilation units including size and type material of all exhaust systems.
- d. Gas piping plan layout including type and size of piping and meter.

## **9. Other Building Components**

- a. Fireplace
  1. Factory Built – copy of specs and details with UL approval
  2. Masonry – footing size and thickness, flue lining size, thimble location and Chimney clearance to combustible framing, fire stopping, and termination above Roof.
- b. Wood/Coal Stoves:
  1. UL listing information and manufactured installation guidelines
  2. Clearance to walls, ceilings, and combustibles.
  2. Hearth/Foundation structural design information if applicable
- c. Solar Energy System (Refer to 2009 IRC, Chapter 23)
- d. Geothermal System

## **10. Electrical Plan**

- a. Electrical design must comply with the 2008 National Electrical Code and be submitted to an authorized Third Party Electrical Inspection Agency for review and approval, when necessary. Two (2) sets of approved drawings must accompany the building permit application for processing permit.
- b. Plan to include location of the smoke detectors
- c. All electrical inspections must be performed by an authorized Third Party Inspection Agency. ***The list of authorized 3<sup>rd</sup> Party Agencies is available and included in the permit packet.***

## **POSTING OF PERMIT PLACARD**

The Building Permit Placard must be posted in a conspicuous place at the work site.

**FEE SCHEDULE Per Resolution No. 2012-1 – Please follow the link below:**

<http://www.silverspringtwp-pa.gov/pdf/SST%20Fee%20Schedule.pdf>

## **Silver Spring Township Inspection Instructions**

- When you call in for an inspection, dial 717-591-9067 and hit 0. Melissa schedules inspections. You may also email inspections to [mmyealy@silverspringtwp-pa.gov](mailto:mmyealy@silverspringtwp-pa.gov) but if you do not hear back within 2 hours, call in.
- When you schedule an inspection you must provide your permit number, site address, inspection needed, contact name and phone number.
- Please give the SST codes department 24 to 48 hour notice for all inspections. There is no mandated time or hours to perform inspections. The cut off for a next day inspection is 12:00 Noon.
- Inspections are performed from 8:00 AM to 11:00 AM Monday through Friday.
- Inspections types are listed on the back of your permit card and should be ordered specifically from the list. The inspections you need are typically highlighted for you.
- Only the Permit Applicant, typically the owner or GC, should order inspections. One person should be coordinating all inspections.
- Please have the yellow inspection card available for the inspector to sign at the scheduled inspection time.
- We cannot guarantee which inspector you will receive.

2012

## THIRD PARTY ELECTRICAL INSPECTION SERVICE

With the enactment of a State-Wide Building Codes, the Uniform Construction Code (UCC) on July 1, 2004 construction permit applications must include electrical drawings. Because Silver Spring Township does not engage in electrical plan review and inspections, the Township has authorized certain Third Party Electrical Inspection Agencies to perform the required plan review and inspection service. Please note that only the 3<sup>rd</sup> Party Agencies listed below are authorized to provide this service.

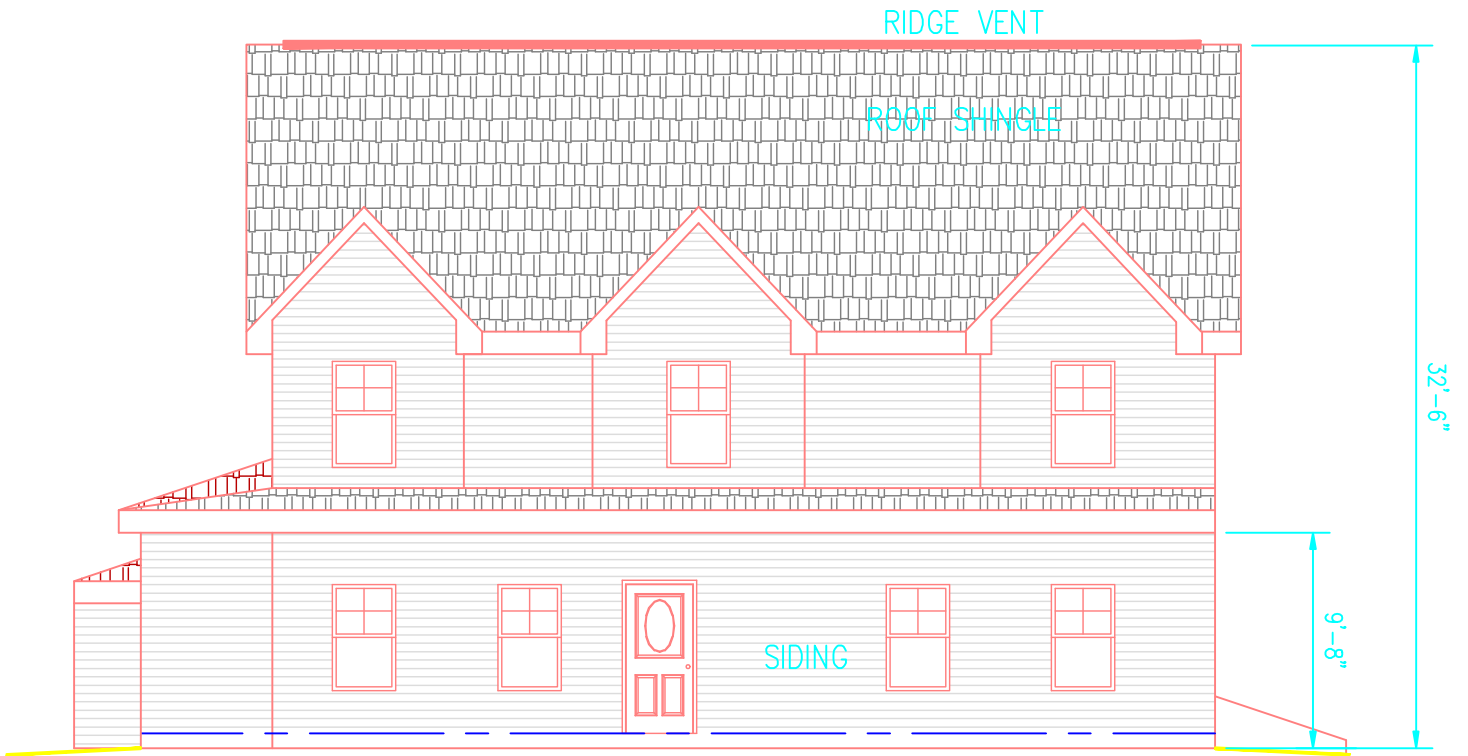

As part of the permitting process, electrical plan review approval must be obtained from the Third Party Agency before a building permit is issued. Two sets of approved stamped and signed electrical drawings must accompany the permit application to the Township.

**Special Note:** The applicant is responsible for submitting electrical drawings to the third party agency for plan review and to contract for scheduled inspection service. **All cost associated with their service shall be paid directly to the 3<sup>rd</sup> party agency. The Township will not collect nor accept any fees for this service.**
