

SILVER SPRING TOWNSHIP

CUMBERLAND COUNTY, PENNSYLVANIA

ORDINANCE NO. 2010-1

AN ORDINANCE OF THE BOARD OF SUPERVISORS OF SILVER SPRING TOWNSHIP, CUMBERLAND COUNTY, PENNSYLVANIA AMENDING THE "SILVER SPRING TOWNSHIP PRETREATMENT PROGRAM" AS ENACTED THROUGH ORDINANCE NO. 97-4 AND AS SUBSEQUENTLY AMENDED.

NOW THEREFORE, IT IS HEREBY ENACTED AND ORDAINED by the Board of Supervisors in and for Silver Spring Township, Cumberland County, Pennsylvania, as follows:

SECTION 1: PREAMBLE AND BACKGROUND.

On November 12, 1997, the Board of Supervisors of Silver Spring Township enacted Ordinance No. 97-4 which established a wastewater treatment program known as the "Silver Spring Township Pretreatment Program" (the "Pretreatment Program"). The Pretreatment Program has been amended by Ordinance 5 of 2001 and Ordinance 2009-05 since its establishment. Because of changes required by the Environment Protection Agency ("EPA") in accordance with the EPA's Pretreatment Streamlining Regulations, it is necessary to again modify the Pretreatment Program.

SECTION 2: AMENDMENT TO PRETREATMENT PROGRAM.

The Pretreatment Program is hereby amended in the following respects.

8.2 Wastewater Discharge Limitations

<u>Parameter</u>	<u>Local Limit-Monthly Ave. Mass (lbs/day)</u>
Arsenic	0.70
Cadmium	0.37
Chromium	5.49
Copper	2.72
Lead	3.42

<u>Parameter</u>	<u>Local Limit-Monthly Ave. Mass (lbs/day)</u>
Mercury	0.086
Molybdenum	1.68
Nickel	7.31
Selenium	1.41
Silver	7.98
Zinc	2.30
Cyanide	3.44
BOD-5	4,298
Total Suspended Solids	6,328
Phosphorus as P	107
Ammonia-Nitrogen	741
Fats, Oils, Grease	300 mg/l
Temperature	60 deg. Cel.
pH	7.0-9.5 SU
Total Toxic Organics	Federal Categorical Limits may apply
Flow	Shall be regulated

The wastewater discharge limits listed above reflect the total mass of each pollutant, which cannot be exceeded in the total industrial contribution to the treatment plant influent. These limits are necessary to adequately protect the treatment process, water quality, and biosolids quality. In addition, these limits will also protect worker health and safety in the collection system.

Individual significant industrial user permit limits will be developed in conjunction with flow limits for each industrial user. This will ensure that the allowable mass discharge for each user when combined with the other users' pollutant contributions will not exceed the local limits detailed above. Industrial discharge permit limits will be expressed as concentrations in specific SIU wastewater discharge permits to simplify compliance monitoring.

SECTION 3: VALIDITY OF PRIOR ORDINANCES.

All previous ordinances establishing and amending the Pretreatment Program shall remain in full force and effect except as specifically amended hereby.

SECTION 4: SEVERABILITY

If any provision, section, sentence, clause or portion of this ordinance shall be held invalid or unconstitutional by any court of competent jurisdiction, such invalidity or unconstitutionality shall not affect any other provision, section, sentence, clause or portion of this ordinance which shall continue and remain in full force and effect.

SECTION 5: EFFECTIVE DATE.

This ordinance shall become effective in accordance with existing law.

DULY ENACTED AND ORDAINED this 24<sup>th</sup> day of February, 2010,  
by the said Board of Supervisors in lawful session duly assembled.

TOWNSHIP OF SILVER SPRING

By: Vincent W. Lyons  
Chairman, Board of Township Supervisors

ATTEST:

Lee Ellen Adams  
Township Secretary

(Township Seal)
